

HARD ROAD FROM JAX TO CAPITAL IS SURE

TALLAHASSEE, Oct. 18.—(Special.)—The state road department has received advice announcing that the Suwannee county \$700,000 bond issue election for road improvement, held last Tuesday was carried by a vote of 4 to 1 in favor of bonds.

This insures the construction of a brick or better road clear across the county on state road No. 1, leading from Jacksonville to Pensacola, and is the state road department has already arranged for the construction of a hard surfaced road with brick, concrete or asphaltic concrete from Jacksonville to the line between Suwannee and Columbia counties, this means that the road will be paved all the way to the Suwannee river near Ellaville.

Madison county is the next that will get in line, as the sentiment in that county is fast being crystallized for a road paved with permanent material across that county. A bond election will be called very shortly and there is little doubt that bonds will be authorized. This will bring the paved road to the Aucilla river between Madison and Jefferson counties. It will then be up to Jefferson and Leon counties to raise funds to meet the requirements of the state road department to bring the paved road all the way from Jacksonville to Tallahassee.

MIAMI STILL BONDING FOR IMPROVEMENTS

QUARTER MILLION VOTED TO PUT CITY IN BETTER SHAPE

Women Participate In Election and Every Item For Carried Safely

MIAMI, Oct. 18.—(Special.)—Miami voters carried the \$248,000 bond issue by sustaining majorities in the special election held here yesterday, every item being approved.

The issue includes \$70,000 for a new bridge across the Miami river, \$40,000 for completing the municipal ship channel across Biscayne bay, \$15,000 for city hospital improvements, \$35,000 for a high pressure water main system, \$15,000 for a police signal system, \$60,000 for sewer system extensions and connections, \$8,000 for a pavilion in the city cemetery and \$10,000 for addition to the city incinerating plant.

Today's was the first election in which Miami women participated and sixty-one of the 259 ballots cast were those of women voters. Under the charter amendment passed by the 1919 legislature women may vote in municipal elections here.

BERGER GIVES CITRUS GROWERS POINTERS

AGNESVILLE, Oct. 18.—(Special.)—The Citrus seminar and livestock meetings have been far better than expectations, both from standpoint of attendance and interest. One of the outstanding figures of the seminar meetings has been Dr. O. F. Berger, of the bureau of plant industry, Washington. Dr. Berger worked at the Florida experiment station some years ago, and he knows the problems the Florida citrus growers are up against and he comes back with many suggestions. His talk Wednesday night on some views of fruits as received in the Northern markets was an eye-opener to many growers. The address of Wednesday night was followed by another this morning, the subject of the latter being "Causes of decay in citrus fruits." Some straight-forward suggestions on this subject were given the growers.

At the joint meeting of the seminar and livestock round up today, two splendid talks were made each bringing out the importance of dairy products in the diet. One of the State College for Women, Tallahassee, the subject being "Milk for Florida Homes." The other was by Dr. E. V. McCullum of Johns Hopkins University, Baltimore, his subject being "What constitutes an ideal diet." Dr. McCullum is one of the best known men in the United States in nutrition work, and has spent the past twelve years in experimental work along this line.

The Y. M. C. A. auditorium at the university, where these talks were made, was filled to overflowing.

A feature of this afternoon session was the auction sale of two Jersey bull calves, the auction taking place in the auditorium. These calves were contributed to the Florida Dairy Association by A. E. Van Epeol of Tampa and H. S. Pennock, of Jupiter, one was purchased by Miss Sipprell, the Putnam county house demonstration agent. It brought sixty-five dollars, the other brought seventy dollars and was purchased by Z. C. Herlong of Micayon, Alachua county. The money secured from sale of these calves will be used in tick eradication extension work and in furthering the dairy extension work of this state.

A special program for new growers and grove help will comprise Friday's program.

EMPLOYEES TO GET BONUS.

Marshall Field & Co. Will Distribute \$1,500,000.

CHICAGO, Oct. 18.—Announcement was made tonight by Marshall Field & Co. that for the year 1919 a distribution of extra compensation would be made to its employees because of the high cost of living. The amount of this bonus, by which employees of both the wholesale and retail stores receiving up to \$2,500 total income per year will benefit, will be about \$1,500,000.

It is understood that this is the first of such announcements for the current year by large corporations or firms.

NOTICE OF INTENTION TO APPLY FOR LETTERS PATENT

NOTICE is hereby given that we, the undersigned, will apply to his Excellency, Sidney J. Catts, Governor of the State of Florida, for LETTERS PATENT, to be issued to H. M. de MONTMOLLIN CO., of which company the following proposed Articles of Incorporation shall be the Articles of Incorporation. Said application for the issuance of said LETTERS PATENT will be made as aforesaid on the 18th day of November, A. D. 1919.

This notice is given in pursuance with the Laws of Florida, relative to Corporations for Profit.
H. M. de MONTMOLLIN.
B. C. PEARCE
GEORGE E. FORD.

ARTICLES OF INCORPORATION OF H. M. de MONTMOLLIN CO.
The undersigned Incorporators hereby associate themselves together for the purpose of forming a corporation under and by authority of the laws of the State of Florida, and adopt the following ARTICLES as their ARTICLES OF INCORPORATION:

ARTICLE I.
The name of this Corporation shall be "H. M. de MONTMOLLIN CO.," and its principal place of business shall be in the City of Palatka, County of Putnam, and State of Florida, with authority and power to establish such branch offices and other places of business in the State of Florida, and in such other States of the United States, as it may deem necessary or advisable.

ARTICLE II.
The general nature of the business, or businesses, to be conducted and transacted by this Corporation, shall be as follows: The purchasing, holding, leasing, sub-letting, renting and dealing in property, real, personal and mixed, of whatsoever nature or kind, with the right to pledge or mortgage the same, or an interest therein; and to improve and construct such buildings as may be desirable in connection with its general business; and with the right to establish branch businesses, and agencies and sub-agencies, in the State of Florida, and elsewhere; and to discount and re-discount its commercial paper, and to acquire, and hold, and dispose of, bonds, stocks and securities, of individuals and of other Corporations; and particularly it shall have the right, and its principal business shall be, to deal as manufacturer, broker, factor or merchant, wholesale or retail, in general mill supplies and machinery of every nature, kind and description, and in farming implements, tools and accessories, and in general hardware, building materials, and plumbing supplies, and to act as agent for individuals, or corporations, engaged in the same or other lines of business, and to act as agent and bailee for railroads, steamboats, or other manner of transportation lines, or companies, and to be the exclusive agent, or agent, for the same, or for any of them, in the State of Florida, and in such other States of the United States, as it may deem necessary or advisable.

ARTICLE III.
The authorized capital stock of this Corporation shall be FIFTY THOUSAND (\$50,000.00) DOLLARS, which shall be divided into Five Hundred (500) Shares of par value of ONE HUNDRED (\$100.00) DOLLARS each, which shall be paid in lawful money of the United States or in property.

ARTICLE IV.
The term for which this Corporation shall exist shall be Ninety-Nine (99) Years, unless sooner dissolved in a manner now or which may hereafter be provided by law.

ARTICLE V.
The business or businesses, of this Corporation shall be conducted by a President, a Vice-President, a Treasurer, and a Secretary, and by a Board of Directors. The number of Directors shall not be less than three nor more than thirteen as may be fixed from time to time by the By-Laws. The Board of Directors shall be elected annually by the stockholders at the regular annual stockholders' meeting, which shall be held on the second Tuesday in February of each year, and a President, a Vice-President, a Secretary and a Treasurer shall be annually elected by the Directors, and each of such officers shall be a stockholder in this Corporation at the time of the election; provided, however, that the office of Secretary and Treasurer may be held by one and the same person during the same time.

The following named persons shall hold the offices indicated and conduct the business of this Corporation until the first regular annual stockholders' meeting shall be held and officers duly elected, to-wit:
H. M. deMontmollin, President, and a Director.
B. C. Pearce, Vice-President, and a Director.
George E. Ford, Secretary and a Director.
Ellen Rice, Treasurer.

The Directors of this Corporation may meet as a Board of Directors as often, and at such time and place, as they shall deem necessary or advisable, and shall have power and authority to appoint or employ such agents, servants or employees as shall seem to them advisable in carrying on the business, or businesses, of this Corporation, and they shall determine the duties, compensation and terms of such agents, servants or employees.

The manner of calling meetings and the time and place of such meetings of the stockholders, except the stockholders' annual meeting, and of Directors, shall be fixed by the By-Laws. Stockholders shall vote by ballot counting one vote for each share of stock owned by and appearing in the name of such stockholder on the books of the company. Any stockholder may vote the stock of another stockholder if he presents to the meeting a proper written proxy signed by the owner of the stock he seeks to vote.

GROWERS OPPOSE

LEPROSARIUM.

Join Live Stock Men in Vote at Gainesville Against One in Florida.

GAINESVILLE, Oct. 18.—(Special.)—By unanimous vote of the more than 400 citrus fruit growers and stockmen of the state attending the combined citrus seminar and livestock roundup at the University of Florida here today, the following resolution by Commissioner of Agriculture W. A. McRae, of Tallahassee, was adopted.

"Resolved, that we, the attendants at the citrus seminar and livestock roundup, assembled at Gainesville, October 16, 1919, do most earnestly protest against leprosy in Florida, and that we feel the establishment of a leprosy in Florida, and that

we feel that it would be a very great injustice to our state.

"Resolved further, that a copy of these resolutions be mailed to our senators and members of congress and to Surgeon-General Blue and the committee who has charge of the locating of the leprosy hospital."

MOTORCADE TO TAMPA.

Jacksonville Autoists Considering Paying South Florida City Visit.

JACKSONVILLE, Oct. 18.—(Special.)—A motorcade from Jacksonville to Tampa such as the just ended successful motorcade from Jacksonville to Savannah, Ga., is now proposed by Charles A. Tutewiler, who was chairman of the arrangements committee for the Savannah run.

Mr. Tutewiler said this morning, following his return from Savannah, that as a member of the board of governors of the Jacksonville Automobile club, he will bring up the matter before the governors at their next meeting or possibly at a called meeting.

"As big a success as the Savannah trip was" Mr. Tutewiler said "I see no reason why we should not make a trip to the South to show to the people there that we are really out after good roads." Mr. Tutewiler is very enthusiastic over his suggestion, which will no doubt meet with general approval. While no plans have yet been made for the proposed Tampa motorcade Mr. Tutewiler believes that some time during November when the motorists begin arriving in large numbers, will be an ideal time.
